I beg to acknowledge the receipt of your letter of the 22nd ultimo, enclosing report by Homestead Inspector Grasse, in reference to the above described land, and in reply to say that the Homestead Inspector's representations on behalf of Mr. Carl L. Johnson will be given further consideration upon your supplying the Department with a description of the land of which Mr. Johnson is the owner in the vicinity. I might mention that according to the records here, Mr. Johnson does not hold either a patented or an unpatented homestead continuous to this land.

as to whether you concur in the suggestion contained in the memorandum that the lists of lands mentioned therein, should be reserved for any. You should also say what in your opinion should be done with the land coloured pink on the plans, which it was proposed might be reserved from entry.

I think all of the lands coloured in pink the fractional South West quarter of Section 14, Township 38, Range 1, West of the 5th Meridian, was granted to Mr. A. Semaine as I remember and is, therefore, not available.

You should let me know whether you concur in the suggestion that the lands hatched in red on the plans should be granted to the owners of the contiguous land adjoining.

that the portions hatched in red on the plan [illegible] be [illegible]. It is [illegible] that the lands shown in green on plan should be reserved for any purposes. [illegible]

We also ask that an exception be made in the case of the 10 acres coloured green on [illegible] of section 17, Township 38, Range 6, W.4th. We claim that that portion of the north east quarter coloured yellow is [illegible] by Mr. Avis Hill, who [illegible] entered on several occasions to apply for the re-claimed portion of the said quarter by purchase. The application [illegible] prior to Mr. Hill's being unable to secure a title to the land (yellow) from the Canadian Pacific Railway Company.

[illegible] already referred to.

The [illegible] that the portions hatched in red [illegible] are the most difficult to deal with. [illegible] it seems to us that the [illegible] to recommend that [illegible] application for any. application for [illegible] will be [illegible] to refuse [illegible] except to [illegible] and that [illegible] reserved [illegible] right [illegible].

With the [illegible] the exceptions the [illegible] is one of a very large area, [illegible] we may [illegible] unless it is decided [illegible] section [illegible] to be left for [illegible] purposes.

If it is decided to sell the land [illegible], would it be [illegible] application for [illegible] land in red, [illegible] the [illegible] right, [illegible]

The total area of [illegible] is not very [illegible] from information on the files [illegible] are rather dry [illegible]. Perhaps it would be well to have a committee [illegible] and report to this meeting, or to [illegible] and [illegible] report to this [illegible] to [illegible] matter.

Of the lands coloured green on the plan [illegible] are [illegible] quarter-sections containing [illegible] sections vary from 80 to 160 acres. The balance of the quarter-sections concerned, about 10 in number, average not less than forty (40) acres.

MEMORANDUM:

Mr. Hume:-

Reclaimed lands on the shores of Cygnet Lake.

In February, 1917, the Agent at Red Deer reported that certain lands which were formerly submerged had become available for disposition. He claimed that such lands were suitable for hay purposes only, and he recommended that they be not made available for homesteading purposes, but that they be reserved for hay. He represented that the location of the land did not make it specially valuable although it was only about nine miles from Red Deer.

Mr. Sheppard of the Patent Branch, furnished a sketch of the land in question, showing in pink the lands which might be withheld from homestead entry and in yellow the lands which have been patented, and in green land which might be reserved for hay. Mr. Sheppard suggested that the riparian proprietorship of the owners of lands coloured yellow should be confined to the land hatched in red.

This allowed for a reservation for hay purposes of all the lands coloured pink and green on Mr. Sheppard's plan, and the balance of the land, hatched in red, being left for the owners of the land coloured yellow.

Later on Mr. Sheppard in a memorandum dated the 6th of June, 1917, amended his report, in so far as Section 35 and the North West quarter of 24 in Township 38, Range 1, W.5th.M., are concerned. Some of this land has already been disposed of by sale; also the frac. S.E.¼ of 14 coloured pink has been granted as a homestead to Mr. A. Lemoine.

Mr. Sheppard pointed out that this was a particularly shallow lake and was gradually drying up and as the waters receded, the land becoming dry could be reserved for hay.

On the 11th of June, 1917, the Agent was asked to furnish an opinion regarding the disposal of the land, and he concurs in Mr. Sheppard's suggestion

that

With reference to your memorandum of the 14th September, your files 4018063 and 3713863, respecting Mr. F. H. Anquetil, who has abandoned his homestead entry for the above described land and also L.S.15-38-28-W.4th M. for which he applied as a soldier grant, may say that we have no record of any loan having been applied for by Mr. Anquetil on the security of this land, nor have we any particulars as to his military services, which would enable us to secure reports on his military record from the Department of Militia and Defence and thereby determine his eligibility under the Act.

Our only documentary evidence in this connection is a counterfoil of certificate of entry No. 3273 issued by the Agent of Dominion Lands at Calgary in favour of the applicant for the above mentioned land and it will be necessary for this Official to advise us what evidence was submitted by the applicant establishing his eligibility under the Act.

We are advising the above mentioned Agent of the omission by a copy of this letter.

Memorandum:

Mr. June.

On the 9th July last, F. E. Anquetil was granted entry under the provisions of the Soldier Settlement Act for L. S. 15 of Section 7, Township 2[illegible], Range 2[illegible], West of the 4th Meridian.

Mr. Anquetil had previously obtained on the 3rd ident homestead entry for the North half of L.S.11 and 12, South half of L.S. 13, and South half and North East of L.S. 14 of the same section.

He has now executed a declaration of Abandonment for his Soldier Grant and has requested the Department to add L.S. 15 to the entry which he holds under the homesteading regulations.

His abandonment has been accepted but the Agent has been instructed to make no disposition of the land until further advised as the Department desired to ascert in from the Soldier Settlement Board if Mr. Anquetil was indebted for a loan.

L.S. 15 comprises a portion of the lands re-claimed from Cygnet Lake and when the question of disposition to be made of these re-claimed lands was submitted, it was decided to allow the owner of the same. North East quarter of Section 7, to purchase the re-claimed portions of L.S. 15 only to which he did not for only hold title but the L. S. in question was to be made available for Soldier Settlement purposes.

The attached sketch shows the position of the lands and you will observe that the only feasible disposition to make of L.S. 15 is to add same to the homestead of Mr. Anquetil or to allow him to purchase the land at a valuation to be made by a Homestead Inspector, the sale, if made, to be subject to the earning of patent to the homestead.

The Soldier Settlement Board have now advised the Department that they have no record of any loan having been applied for.

Re N.E.¼ 7-38-28-W.4th M.

Encl.

Referring to your letter of the 9th July last, which has been forwarded here by the Agent of Dominion Lands at Calgary, I beg to enclose you a sketch which indicates coloured in pink the 72 acres which were patented to you in the above mentioned quarter section. As you will observe by this, no portion of the land granted to you is included in legal subdivision 16 and if you will have a line run from a point in the north boundary of the quarter section two chains west of the north east corner thereof and drawn through the intersection of the legal subdivisions' boundaries as shown on this sketch and produced to the south boundary of the quarter section it will define the land which was patented to you.

The dotted line on your sketch which accompanied your letter of the 9th July last is simply an engineer's line in connection with Reclamation Scheme and is not in any sense a land boundary. This has probably misled you.

Your obedient servant,

C. J. S. Johanson, Esq.,

Sir,

With reference to your letter of the 10th January last, and also to your letter of the 7th instant addressed to the Controller of the Land Patents Branch, in which you make application for a grazing lease of those portions of Legal Subdivisions 10 and 15 and the South halves of Legal Subdivisions 11 and 12, not already patented, of Section 7, Township 38, Range 28, West of the 4th Meridian, I beg to advise you that it has been decided to consider your application for a grazing lease covering these lands, but you will understand, of course, that in the event of the lease being issued it will be subject to cancellation at any time the riparian owners of the patented portions of the legal subdivisions apply to purchase the lands in question.

1 Enc.

In order that your application for a lease of the above mentioned lands may be considered, it will be necessary for you to forward your application on the enclosed form, after it has been filled in and sworn, direct to the Agent of Dominion Lands at Calgary, together with an amount equal to the first six months' rent at the rate of 4 cents per acre per annum. Some years ago patent was issued for that part of the above quarter section shown to be dry land. The Registrar of Land Titles has advised the Department that you are the registered owner of this patented portion.

It now appears that approximately thirty-six acres of land in the above mentioned legal subdivisions formerly covered by water has become dry and the Department is considering what disposal should be made of it.

As such dried up area will naturally be of greater service and use to the owner of the patented portion of the quarter section it has been decided to give you the first opportunity to purchase the same.

Please inform the Department within thirty days from this date whether it is your wish to purchase the parcel in question at a valuation to be placed thereon by an official of the Department. The price to be not less than $5.00 per acre.

Memorandum:

Mr. Perrin.

S.E.¼-13--60--8-W.4th M.
Soldier Grant - Leon G. Destrube.
Obtained entry - 22nd October, 1921.

This man made application for patent for his soldier grant showing the completion of the requirements under the stock clause of the Act but being in default with respect to residence in that such residence was performed on land owned by his brother in the vicinity but the brother was not in residence during the time claimed by the entrant.

On the 25th April, 1929, the Deputy Minister gave instructions to have the Agent forward the Inspector's report as soon as possible. This was received along with the application for patent. The case was submitted on the 1st June last and instructions were given to ascertain the entrant's disability due to active service.

Advice has now been received from the office of the British Ministry of Pensions that this man is assessed at 100% disability and is drawing a pension at the rate of £210 per annum.

I would recommend in view of such disability that the manner in which the residence duties have been performed be accepted.

COMMISSIONER:

I do not see how the residence could be accepted as satisfactory in view of the wording of Section 18 of the Dominion Lands Act, which states that the relative with whom the entrant resides must be in occupation of the land on which residence is claimed.

Under the circumstances I would suggest that residence in this case be waived under Sub-Section 2 of Section 20 of the Act.

for the North East quarter of Section 19 provided it is otherwise satisfactory and explain to Mr. McPherson that this question is still under consideration by the Department but that if he desires, the transfer can be accepted as it stands, and a patent issued as he requested in his letter of the 20th ultimo. Before taking this last step however it would be necessary to ascertain from the Director of Water Power and Reclamation Service whether he has any objection to the inclusion in this patent of the small area of .002 of an acre in the reservoir, as mentioned in Mr. McPherson's letter. We will also have to be asked regarding the Company's application for title to of the right of way across the other lands included in the reservoir.

that the balance of each quarter section not required for the Reservoir might be disposed of as the Department saw fit. A copy of this Memorandum with a foot note appended showing the area required for the Reservoir in the quarter section dealt with, is on each of the following files herewith:-

3696883 for N.E. Section 8;
3698895 for S.E. Section 8;
3723346 for N.W. Section 17;
3723356 for S.W. Section 17;
3723352 for N.E. Section 19.

On the 19th January, 1916, the Agent of Dominion Lands was advised that these and other lands which were no longer required in connection with the Reservoir were to be listed for Soldier Settlement, and the portions of the five quarter sections mentioned above lying *outside* the limits of the Reservoir were subsequently disposed of either under homestead or soldier entry. It would appear, therefore, that the Company is entitled to free right of way across the portions of these five quarter sections lying *outside* the limits of the Reservoir on account of having filed the location plan several years prior to the date on which entries for these lands were granted and the Company's right of way and Lease Agent was advised by Departmental letter of the 21st November, 1913, copies of which were sent to the Agent of Dominion Lands at Calgary and at Lethbridge, that the Company was entitled to free right of way across the west half and south east quarter of section 17 and the East half of section 19. Section 8 was not mentioned in this letter, but I presume the Company is entitled to free right of way across this section although no notification was sent.

It is not clear therefore why the Company through Messrs. Ewart, Scott, Kelley & Kelley, has applied for free right of way across the portions of the above-mentioned sections included within the Reservoir and has through Mr. Macpherson filed transfers of the right of way across those portions of the said sections released from the reservation for Reservoir purposes.

The transfer covering the right of way in the North East Quarter of Section 19 includes two strips for extra width which are not shown on the location plan and the question as to whether the Canadian Pacific Railway Company is entitled to a free grant of extra widths when they are shown only on the construction plan filed after entry has been granted is at present before the Deputy Minister.

Transfers have been returned in the past when they covered right of way to which the Company is entitled under a free grant and if it is decided to return these transfers it might be desirable to retain the one

Referring to your memorandum of the 5th instant on each of the above-noted files, I have checked the descriptions in each instrument in the usual way of the right of way, and I observe that the lands covered by each instrument is correct as far as the plan is concerned.

It will be seen, however, that in the case of the North East and South West quarters of section 8 and the West half of section 17, the Company is entitled to a free grant if the same were not sold without the consent of Mines Branch, because the location [illegible] was made prior to the 1st June, 1913, [illegible] Orders in Council.

It is also, [illegible] without the consent, as above mentioned, of the Mines Branch. "I think under the conditions Mr.S.McCord should have the lands referred to added to his soldier grant entry as he is trying hard to make a home and he needs more land.

"I would value said land at $8.00 per acre.

"If this land is added to Mr.McCord's soldier grant entry it would only give him a fraction over 160 acres and the shape the land is lying it is of more value to Mr. McCord than anyone else."

Mr. McCord's soldier grant entry now covers 138.81 acres and the addition of the 21.95 acres asked for will give him a total acreage of 160.76.

In view of the Inspector's report and the circumstances, kindly advise if this addition may be made.

Mr. McCord's last letter of the 14th instant has not yet been replied to.

Mr. Hume.

Pt. L.S.L's 13, 14 & 15
(North of McGregor Reservoir)
Sec. 17-18-21-W. 4th Mer., - Vacant.

Kindly refer to sketch marked on file 3723348 herewith.

Mr. Sam McCord holds soldier grant entry for the part outlined in blue and has been pressing the Department to have the above described parcel, outlined in yellow on sketch, added to his entry.

As this parcel appears to be entirely separated from his soldier grant entry by the McGregor Reservoir it was decided to have an Inspector furnish a report in this regard.

The Inspector's report has now come to hand and shows that twenty acres are fit for cultivation and the remarks read as follows:-

"Referring to your letter of 21st April last and beg to say that these lands are not separated from the balance of Sec.17-18-21-W.4th M., by water but just a coulee separates them and it is not a deep one and is dry most of the season and as has been stated the railway is graded below this land and has a 4x4 culvert crossing this coulee, and the lake would have to raise 15 to 20 feet before the water would back up in this coulee and then it would not hinder Mr. McCord from crossing to this parcel of land.

"Some men that have lived in the district for 15 to 20 years say that during their time the water has not separated these parcels of land.

W. [illegible], Esq., Controller and Chief Engineer, Dominion Water [illegible] Power Bureau, Ottawa.

Re Lake McGregor Reservoir, your file 26 Irr. No. 4.

On the 6th August last we wrote to you for the plan of Lake McGregor Reservoir, which plan is registered and is referred to in several patents issued in the past for portions of quarter-sections lying outside the limits of the Reservoir as shown on the registered plan thereof. As pointed out in my previous memorandum, the plan is required in order that we may be in a position to issue the patent in favour of the Director of Soldier Settlement for certain portions of Section 17-18-21 W.4th Mer. lying outside the limits of the Reservoir as shown on the plan.

Enquiries by telephone have been made to this office by the Soldier Settlement from time to time about the delay in the issue of the patent. I am now in receipt of a memorandum from the Superintendent of Soldier Settlement, asking how this matter stands. I should be glad to know what reply may now be sent to the Superintendent and whether we can tell him when this plan may be expected.

Re application Samuel McCord for Soldier Settlement entry for W.½ of N.E.¼ 17-13-21 W.4th M.

This file was received by me on the 28th instant, along with 44857 A, on which was a letter of the 12th instant from J. H. McLeod, relating to the N.W.¼ 18-10-27 W.4th M., the patented homestead of the above Samuel McCord. I do not know whether you will require the latter file in connection with McCord's application for Soldier Settlement entry. It is being referred by me to the Law Clerk today on a legal question asked by McLeod.

I don't know why both these files were sent to the Reclamation Service Branch on the 26th instant. That Branch has apparently nothing to do with either file.

DEPARTMENT OF THE INTERIOR

Sir:-

Mr. Lafferty's wire reads as follows:-

"Referring your letter July 20/23 re S.
"Rose and S.1/2 of S.1/2 17/18 21/ S.4th. This
"matter has been before the Lethbridge Office for
"nearly a year but cannot still receive no
"instructions from department. He holds release from
"Hardwick Bros. owners of the lease but still refuses
"to accept pre-emption entry of Rose without specific
"instructions from Ottawa. Could you please instruct
"department to receive Lethbridge in terms
"of your letter immediately oblige".

The wire indicates that the lessees, Messrs. Hardwick Brothers, have released the S. of the S. of 17 from coal lease grant entry on this land.

The file relating to the remote counts at this moment be located as it has been placed on the 20 file Coroner's List.

The records, however, still show the S. of the S. of 17 as in the remote.

According to the provisions of the different Branches of the department this parcel is clear with the exception of the remote requirements.

Presumably the Dominion Lands Board are willing to grant Mr. Rose's application (certificate to cancel the fact that he is already the holder of a half section of land, but, even should the remote covering the parcel applied for be cancelled, it would appear necessary that the parcel would have to be patented.

The parcel is in reality one has not been inspected. Under the circumstances it may not be considered necessary to inspect the same.

The question of whether entry will be granted on land covering two quarter sections should also be considered. In this connection, however, the Crown holds under soldier grant by Samuel McCord adjoining the quarter section in question might be noted.

After action has been taken will you kindly place Mr. Dominion's memorandum to Registration Branch on top.

returned soldier and is disabled to the extent of 50%, being deaf, and as he was unable to follow any other occupation he was forced to return to farming. He claims that the entrant for this land, Mr. Rose, has been working for Mr. Hardwick, who formerly held this land under lease, and he leased it. Mr. McCord also claims that he has been negotiating with the Soldier Settlement Board for some years endeavouring to obtain this land and that he was promised he could obtain same when the lease was cancelled. This statement of his is denied by the Chairman of the Soldier Settlement Board, who states that he was never given any assurance that he could secure the land but was advised that the administration of same came under the Department and would be governed by Departmental regulations.

He also claims that Mr. Rose's homestead and pre-emption is valued by him at $30.00 per acre, which, if true, would prevent him from being granted permission to take soldier grant entry by the Soldier Settlement Board. In his declaration he gives the assessed value at $4000.00 and selling value at $4400.00.

Mr. McCord has written to the Prime Minister in this connection and his letter was referred to the Chairman of the Soldier Settlement Board and in turn forwarded to him by the Deputy Minister, who has now asked for a report under Deputy Minister's reference 6477.

Under the circumstances, it does not appear that the Department can take any action as I understand the matter of access to land does not come under the jurisdiction of this Department, and at any rate Mr. McCord is not eligible to secure this land under entry.

Sir,

I O[illegible] of 17-[illegible]-1[illegible]4th [illegible].

The representations made by you in your communication of the 19th November last have received careful consideration.

The west half of the east half of section [illegible] has been disposed of and no action can be taken to disturb the existing entry therefor. It is noted, however, that you are unable to meet your financial obligations to the soldier settlement board by your farming operations on the west half of the east half of this section. You state that you are desirous to make entry for same, and since you have been aware of the fact that this land was open for entry your son would not have been in a position to claim entry for same at [illegible]. Apart from, however, the soldier land, we give any's priority.

According to departmental records the south half of section 20, township 17, range 10, west 4th meridian, is, at the present time, the only quarter-section vacant in the vicinity of this land. If your son is satisfied to exercise his right of entry in connection therewith, an application for entry must be made by him under the regulations. There are several other quarter-sections in the vicinity of this land which might possibly be made available for settlement in the near future, and the intent of section [illegible] of the Dominion Lands Act prior is being requested to make a note of your name in connection therewith and if, at the time cancellation may be carried out, your son has not made an entry you will be advised of the fact so that he may, if [illegible] land becomes available.

Sir,

Re Fr. L.S. 2,6,7,10,11 & 15
of Sec. 17-18-21- .4th M.
(East of Bearspaw Reservoir).
Soldier grant - Samuel Sedore.
Area - 151.67 acres.

In reply to your letter referring to your application for the [illegible] portion of the Soldier grant entry, above described, of the reservoir, which may be therein described as part level subdivisions 1, 2, 7 and 10, containing in area by admeasurement 111.17 acres, more or less, I beg to say that the grant of position cannot be entertained by me at this time as the land is being reserved by concurrent call to settlers.

Referring to the letter, however, it may be pointed out that the part of the [illegible] Bearspaw Reservoir, of record in the Land Titles Office for the South Alberta Land Registration District as plan [illegible] is separated from that portion of the quarter-section now held by you under soldier grant entry by a section of the reservoir which, running in a northerly direction, cuts the northern boundary of the quarter-section at a point [illegible] level of division 15, thus effectively preventing any connection between your soldier grant and the land applied for.

In regard to the portion of the quarter-section lying to the north of the reservoir, [illegible] to say that this quarter-section is comprised within [illegible] and is therefore reserved.

In regard to the portion of the quarter-section lying to the north of the reservoir, upon termination of the present reservation, you will be further advised.

Memorandum.

Mr. Lume.

Concerning Mr. S. McCord's representations that he is unable to carry on his farming operations and the disposition of the vacant lands in his district.

Mr. S. McCord has soldier grant entry for the following parcels comprising an area of 155.89 acres;- W.½ of the N.E. 17 (East of Reservoir), N.W. 17 (East of Reservoir), W.½ of S.E. 17 (East of Reservoir) and the S.W. 17 (East of Reservoir), in Township 18-21-W.4th Mer. In a letter dated the 29th November last he stated that he was unable to carry out his farming enterprise satisfactorily on his present land. He also mentioned that his eldest son was eligible for a pastoral entry. The case was submitted to the Deputy Minister and it was decided that the Department were to go over the records and ascertain what lands in the vicinity are still the property of the Crown so that if possible a quarter-section might be made available on which Mr. McCord's son might exercise his homestead right. This action was taken and it was found that the only vacant land was the S.E. 20-17-21-W.4th. Meridian. Mr. McCord was advised to such effect and also informed that there were several other quarter-sections in the vicinity which might possibly be made available for settlement in the near future and that the agent would be instructed to make a note of this file in order that he might be advised if any of them became available. (Letter of 5th February, 1925, on file hereunder).

No application for entry has yet been received for the S.E. 20-17-21-W.4th Mer., and Mr. Ashfield, Registration Branch, reports that according to their records Mr. McCord's son has not yet made homestead entry.

/. The E.½ 4-17-21-W.4th Mer., area 148.48 acres, outside reservoir, being reserved for public grazing, it

was.....

was decided to have an Inspector report as to whether the reservation is still required. This report which is dated the 22nd April last has now been received and is quoted hereunder;-

"On making enquiry in the district
"and conversing with several living in the
"district (some of them are the same people
"that I saw when here before), I do not think
"that it is necessary to reserve this land for
"stock watering purposes for the settlers in
"the district.

"Mr. W.S. Chambers is the only
"person that had use of the land last season,
"and he has the land lying between this land
"and the Reservoir rented from the Canada Land
"and Irrigation Co. and if he fences this land
"it will shut the E.½ 4-17-21-W.4 away from the
"water.

"All of the people that I was talking
"with were of the same opinion that it is not
"needed for stock watering purposes at the
"present time.

"The land is very rough out up with
"coulees running down the sides of the hills
"to ward the lake. Not fit for agricultural
"purposes or homesteading under the stock clause
"of the homestead regulations.

"Value per acre about $6.00."

In view of this report you may consider that Mr. McCord's application should be allowed a period of thirty days within which to make entry for this land, and if within the thirty days he fails to do so the Agent might be instructed to post it for homestead.

Mr. G.... Swire's pre-emption entry for the S.W. 31-17-20-W.4th Mer., was cancelled on the 16th March last and the Agent has been instructed to reserve it in accordance with the instructions contained in Head Office letter of the 8th February last, which are quoted hereunder.

"With regard to the balance of the
"land above mentioned, you might make a note
"in your records that if for any reason can-
"cellation of any of the entries covering these
"lands is carried out and there is no prior
"application to refer to the Department
"for instructions before disposing of the land
"in favour of the claim of Mr. McCord's
"son to homestead entry may be considered satisfied
"he may be advised as to the date on which the
"land will become available for settlement."

In a report dated the 6th December last an Inspector states that there is all in the quarter-section is sandy loam with only small areas that these areas are fit for cultivation. You may consider Mr. McCord's son

Sgd. J.A.....

should be allowed a period of thirty days within which to make entry for this land and if within the thirty days he fails to do so the agent might be instructed to post it for ordinary settlement.

The present standing of the other quarter-sections referred to in Mr. MacLeod's memoranda of the 20th December and 25th January last, on file hereunder, are given hereunder.

S.E.¼ 7-17-20-W.4th Mer. - Pre-emption - late J.P. Cotton. Application for patent has been made. The administrator has been allowed until the 1st November next within which to make payment on account of the purchase price.

N.W.¼ 20-17-20-W.4th Mer.- Pre-emption - Glendon J. Dawson. Application for patent made. Inspector's report dated the 8th December last shows substantial improvements and the Inspector recommends an extension of time to the 1st November next within which to make a payment on account of the purchase price.

S.E.¼ 32-17-20-W.4th Mer.- Pre-emption - Wm. J. Sedlock. Application for patent made and Certificate of Recommendation issued. Entrant granted extension of time to 1st November next within which to make a payment on account of the purchase price.

N.E.¼ 10-17-21-W.4th Mer.- Pre-emption - Evan Parker. Application for patent made and Certificate of Recommendation issued. Entrant granted until 1st November next within which to make a payment on account of the purchase price.

N.E.¼ 20-19-21-W.4th Mer.- Soldier grant - A.J. Brown. Entry granted 21st May, 1922. The agent has been advised that in case of the cancellation of this entry and provided there is no prior applicant the question of disposing of the land is to be referred to Head Office.

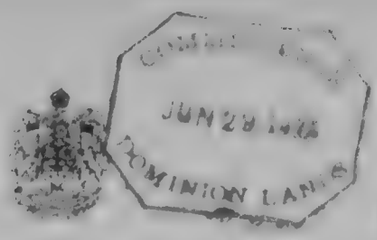

S.E.¼ 30-17-22-W.4th Mer.- Soldier Grant - N.L. Sylvie. Entry granted 14th June, 1919. Entrant has recently made application for patent and an Inspector's report has been called for.

S.W.¼ 5-18-22-W.4th Mer. - Pre-emption - J.L. McRoberts. Application for patent made and Certificate of Recommendation issued. An Inspector's report dated the 20th July last shows substantial improvements. A second Inspector's report called for on the 6th February last. This report has not yet been received.

The balance of the files are being kept on my desk.

In a report dated the 6th December last, an Inspector states that the soil in the S.W.¼ 31-17-20-W. 4th Meridian is a sandy loam with a clay subsoil and that 110 acres are fit for cultivation. You may consider that Mr.McCord's son should be allowed a period of thirty days within which to make entry for this quarter-section and if within thirty days he fails to do so the Agent might be instructed to post for ordinary settlement.

There would appear to be no other lands in the District in which Mr.McCord is located which are likely to become available for settlement in the near future.

Soldier Grant entry for the E.½ of 17-18-21-W. 4th Meridian was granted to a Mr. Robert Rose on the 14th October, 1914. A Mr. Samuel McCord protested against the granting of this entry, claiming that he was unable to carry on his farming enterprise in the balance of the section which is outside the MacGregor Reservoir and comprises an area of 155.59 acres. He also stated that his oldest son was eligible to make homestead entry. The case was submitted and it was decided that the Department were to go over the records and ascertain what lands in the vicinity were still the property of the Crown, so that, if possible, a quarter-section may be made available on which Mr. McCord's son might exercise his homestead rights. This action was taken and it was found that the only vacant land was the S.E.¼ 26-17-2[illegible]-W. 4th Meridian. Cartier Building, Ottawa.

In April, 1919, a Soldier Settler, Mr. Sam McCord, obtained soldier grant entry for the W½ of NE¼ 17-13-21-...4th, outside of Lake Dale or Reservoir. In October, 1919, small fractional areas outside the reservoir in the North West, South West and South East quarters of the same section were added to his entry. Advances were made to the extent of the Soldier Settlement the entirent it is now desired to issue ... tent of these liens to the Director of Soldier Settlement.

In order to ... correctly describe the land it is necessary to refer to the plan of the reservoir which has been filed in the ... istry Office, a certified copy of which should be on file in this Department so the description in the patent will be based on that plan. It appears, however, that the original copy of the plan, which was formerly on file in the Dominion Water and Power Bureau here, was sent transferred to the Calgary office of the Bureau.

The understanding that was the Dominion and the Eastern Provinces regarding the records of land which had been patented was that those records relating to the lands patented by the Dominion should remain with the Dominion. Several patents of lands affected by this reservoir were issued prior to the transfer of the resources, but as the plan of the reservoir on which these patents were based is not now on file in Ottawa, we have not a complete record here of the lands covered by these patents.

The situation was explained in a letter dated the 22nd ultimo to Mr. Hoover of the Calgary office, when he was asked to forward a print or linen of the original plan, if it was the intention to retain the original in his office. I am enclosing a copy of his reply which speaks for itself.

On account of the nature of his reply, and because of the fact that the original plan was be n referred to in the patents as being on file in the Department under Reclamation Service No. 30704, it appears to me that it would be better if either the original plan, or a print thereof on linen (in order to be durable), should be obtained by you to be held in your office for reference purposes. If a print or linen should be obtained it would be necessary that all measurements and other information, including the cer

by the surveyor, the [illegible] letter, or any other official, should be clearly shown.

I should be [illegible] if you would send me the plan when it is [illegible] your [illegible] office, so that the letter of the [illegible] may be proceeded with. It will then be returned to you.

Re Lake McGregor Reservoir, Your file 66 Irr. No. 4.

On the 6th August last we wrote to you for the plan of Lake McGregor Reservoir, which plan is registered and is referred to in several patents issued in the past for portions of quarter-sections lying outside the limits of the Reservoir as shown on the registered plan thereof. As pointed out in my previous memorandum, the plan is required in order that we may be in a position to issue the patent in favour of the Director of Soldier Settlement for certain portions of Section 17-18-21 W.4th Mer. lying outside the limits of the Reservoir as shown on the plan.

Enquiries by telephone have been made to this office by the Soldier Settlement from time to time about the delay in the issue of the patent. I am now in receipt of a memorandum from the Superintendent of Soldier Settlement, asking how this matter stands. I should be glad to know what reply may now be sent to the Superintendent and whether we can tell him when this plan may be expected.

Re: [illegible] Dam, [illegible] River,
Sarnia, Ont.

Further to our letter of the 23rd inst., I beg to advise that as it is proposed to [illegible] the Canadian Lake McGregor Reservoir, it is necessary to [illegible] a copy of the plan of the Reservoir which is on file in this Office at Calgary. The original copy of this plan was on file in the Dominion Water and Power Bureau prior to the transfer of the Bureau and was sent to you shortly after the transfer.

This has now come back to us [illegible] and have it returned to Ottawa, but I have been informed by the Water and Power Bureau that they plan to receive it within the next few days. The issue of the permit will [illegible] accordingly.

Assistant Superintendent.

Adm.

3773348

F. H. Peters, Esq., Acting Director,

3rd February, 1947.

I am sending you herewith a tracing showing that portion of the plan of Lake Mead or Boulder Reservoir in the Territories of Arizona and Nevada which was prepared in the General Land Office some time ago, but was never forwarded to you for the reasons explained in my letter of the 31st January last, your files being T 17-1-4 and T 18-11-4.

The plan has from time to time been sent to the Solicitory Office for the Water and Power Bureau, after the issue of the resources to the Province had been effected, but was sent back in the matter of patents issued in this Department prior to the transfer. Other patents contain descriptions by metes and bounds which do not agree with the boundaries shown on this plan. It therefore comprises part of the record of the disposal of Dominion lands.

At my request the Water and Power Bureau obtained this original plan from the Solicitory office and supplied me with this print so that the issue of the patent for part 18 portions of section 17, Township 18-21 W.4th Mer. might proceed. A copy of the Director of Soldier Settlement's letter could be processed with the original plan which has been returned by the Water and Power Bureau to the Solicitory office.

As it might be necessary to refer to this plan at any time in the future should a question be raised about the patent in which it has been used, it would be advisable to have this print on record there even though the original plan was not approved. If in the circumstances you can have this print placed on record in your office with the other plans used in the issuance of Dominion lands, I should be glad to be informed of the number under which it has been recorded.

Yours very truly,

Deputy Minister of Lands.

This will acknowledge yours of February 3rd, your file 3723348.

We agree with your view as to the desirability of having plan Irr.186 recorded in this office but to record the print which you sent would not only be objectionable on the grounds stated in our letter of March 9th, 1925, but would also be against our practice of refusing to record photo-process copies. If you can obtain an original tracing of the plan I will withdraw the objection taken in our letter of March 9th, 1925, and have the tracing recorded here.

Before taking this last step however it would be necessary to ascertain from the Director of Water Power and Reclamation Service whether or not the withdrawal to the Province in this Patent of the small area of land of 40 acres in the Reservoir, as mentioned in Mr. Mathers's letter. Sir,

Frac. N.E.¼ of 19-18-21, W.4th M.
Homestead.

In further reference to your letter of the 24th of December, last, addressed to the Agent of Dominion Lands, at Lethbridge, I am to advise you that according to the records of the Department your entry, above described, covers an area of 59.45 acres. The balance of the quarter section 99.55 acres is held under lease by the Canada Land and Irrigation Company and therefore is not available to be added to your entry.

Referring to the South West ¼ of Section 19, Township 18, Range 21, West of the 4th Meridian, it is noted that 149.51 acres of this quarter section is also leased to the above company. The remainder of this quarter section, an area of 9.49 acres, would appear to be vacant and under the circumstances you are requested to advise the Department whether you wish to apply to have this area added to your homestead entry.

Kindly give this matter your prompt attention.

"I think under the conditions Mr. H. McCord should have the lands referred to added to his soldier grant entry as he is trying hard to make a home and he needs more land.

"I would value said land at $6.00 per acre.

"If this land is added to Mr. McCord's soldier grant entry it would only give him a fraction over 160 acres and the shape the land is lying it is of more value to Mr. McCord than anyone else."

Mr. McCord's soldier grant entry now covers a [illegible] acres and the addition of the 21.95 acres asked for will give him a total acreage of 160.76.

In view of the Inspector's report and the circumstances, kindly advise if this addition may be made.

Mr. McCord's last letter of the 14th instant has not yet been replied to.

Mr. Parr.

Pt. Loc. 13, 14 & 15
(North of McGregor Reservoir)
Co. 17-18-21-W. 4th Mer., - Vacant.

Kindly refer to sketch marked on file .37223548 herewith.

Mr. Wm Mylord holds soldier grant entry for the part outlined in blue and has been pressing the Department to have the above described parcel, outlined in yellow on sketch, added to his entry.

As this parcel appears to be entirely separated from his soldier grant entry by the McGregor Reservoir it was decided to have an Inspector furnish a report in this regard.

The Inspector's report has now come to hand and shows that twenty acres are fit for cultivation as the memorandum read as follows:-

"Referring to your letter of 21st April last and beg to say that these lands are not separated from the balance of Co.17-18-21-W.4th M. by water but just a coulee separates them and it is not a deep one as it is dry most of the season and no bank stated the railway is located below this land and has a 24" culvert crossing this coulee. The lake would have to raise 15 to 20 feet before the water would back up in this coulee and then it would not hinder Mr. Mylord from crossing to this parcel of land.

"Some men that have lived in the district for 15 to 20 years say that during their time the water has not separated these parcels of land.

MEMORANDUM:

Ottawa, September 13, 1920.

Mr. Gliddon,

Acting Controller,

Land Patents Branch.

With reference to your memorandum of the 29th ultimo, hereunder, I note that Mr. Guy, in his letter of the 7th August, states that the fractional SE¼ of section 20, township 17, range 21, west of the 4th meridian, lying east of the Lake McGregor reservoir site, is used by Messrs. Hardwick Bros. as a means of access to Lake McGregor reservoir for stock watering purposes.

Messrs. Hardwick Bros. hold some 37,000 acres under Ranch No.7713, which extends practically along the entire eastern boundary of the reservoir, but in each case there is a fractional quarter section between the ranch and the reservoir, so that stock must depend on road allowances for access to the water if all these fractional areas are disposed of.

As Mr. Guy already controls one mile of water front, I would suggest that this matter be referred to the Timber and Grazing Lands Branch and, if it is considered necessary, secure a ranch inspector's report as to the advisability of reserving the SE¼ of section 20, township 17, range 21, west of the 4th meridian, for stock watering purposes so long as the surrounding lands are held under grazing lease. I may say that it is not the intention of the Canada Land and Irrigation Company to fence their reservoir and it will obviously be a great benefit to ranchers in the locality.

In October, 1919, Messrs. Hardwick Bros. wrote the Minister protesting against the sale of the Fractional SE¼ of section 17, township 17, range 21, west of the 4th meridian, as they wished to have it reserved or secure it under lease in order that their stock might not be shut off from the water. Their request, however, could not be considered as the land had already been disposed of.

Memorandum; Mr. Scott,
Dominion Lands Branch,
Stephen Building.

With reference to your memorandum of the 14th April hereunder, it appears that Soldier Grant Entry has been granted to Mr. Charles E. Gay on that portion of the South East quarter of Section 3, Township 17, Range 11, West of the 4th Meridian, lying East of Lake McGregor Reservoir, and you ask to be advised if the report from the Inspector of Ranches called for on the 31st December, 1920, has been received.

With regard to the above, I would advise you that all the information we have in this connection is on File No. 372383½ N.O. attached. On the 4th December last the Deputy Minister approved of the suggestion that before the lands would be disposed of to Mr. Gay a report should be called for from our Ranch Inspector, and as above indicated on the 31st December last our Inspector of Ranches was requested to report, and a request was made to the Registration Branch that the file be returned to this Branch within 30 days so that the matter might be followed up. The file, however, was put away after the entry was reported, and we have not had an opportunity of following up our request to the Inspector for a report.

It would appear, therefore, that the Soldier Grant entry was granted in error in view of the Deputy Minister's decision on the 4th December last. I would suggest, therefore, to advise this Branch as soon as possible whether or not it is decided to allow the entry to stand or if it is still desired that the report be obtained from our Inspector of Ranches as outlined in Mr. York's letter of the 31st December last.

With reference to your file No. 328[illegible] W.W. and you request that a report be furnished in connection with the South East quarter of Section 33, Township 17, Range 21, West of the 4th Meridian, lying East of Lake Newell reservoir, and which Mr. [illegible] desires, I beg to state I think it would be advisable to grant this application to Mr. [illegible] as Messrs. Mr. F.H.Peters,

Re Frac.N.E., 9-17-21, W.4th M.,
Homestead (Area 109.17 acres).

Frac.N.E., 17-17-21, W.4th M.,

Re Frac.S.E., 17-17-21, W.4th M.,
portion added to Soldier grant of
Herbert Wilson, option to purchase having
been granted him in respect to the balance
(area 56.14 acres).

Herbert Wilson, a returned soldier, has received financial assistance from the Soldier Settlement Board and his homestead and soldier grant have been taken as security in accordance with the provisions of Section 26, Chap.71, of the Soldier Settlement Act, 1919. In order to assist in the re-establishment of this settler, the Department in April 1923 consented to the inclusion of a sufficient area of the fractional South East quarter of Section 17, in his soldier grant, to bring the area up to 160 acres, leaving 56.57 acres unalienated. It was further decided that Mr. Wilson might be given the option of purchasing the fraction of 56.57 acres at the price of $5.00 per acre, subject to his earning patent for his soldier grant - see memo. 1.3.4.23 with sketch (marked).

It has now been reported to the Department that Mr. Wilson has abandoned his farming enterprise, and unless suitable arrangements can be made for his return, the Soldier Settlement Board will no doubt in due course apply for the issue of patent under Vesting Order, in accordance with the provisions of Section 27 of the Soldier Settlement Act. In the meantime the Board has notified the Department that it is not desirous of purchasing the fraction referred to.

Would you be good enough to state whether the Department would be in a position to dispose of the area of 56.57 acres of the fractional South East quarter of Section 17, without further survey, defining the boundaries thereof. The issue of patent for the soldier grant will comprise 153.43 acres of the North East quarter of Section 17 and 57.57 acres of the South East quarter of Section 17, which presumably it will be necessary to define. Can this be done without a further survey ? If so, kindly furnish a plan showing the balance of 56.57 acres in order that the question of making this land available for disposal may be considered.

I, therefore, think that the Patent Branch might now be advised that as the Board do not wish to purchase this land, the application to purchase may be cancelled. As a Homestead Inspector reported on the 1st June, 1919, that the land was unfit for agricultural purposes, it might then be posted for grazing.

The Acting Director,

Department of the Interior,

March 8, 1917.

Sir:-

In part or reference to your memorandum dated December 2nd file 06 D.L. 1 re Plan 42 Reference 2e/e reservoir which was forwarded to this office for approval at the request of the Controller, and Patents Branch has been returned to you under cover to cover.

As the boundaries shown on the plan are not marked on the ground, and as it has been our practice to confirm only monumented surveys, the approval of this plan would create an undesirable precedent and it has therefore been decided to take no further action toward approving the plan.

In examining the plan a number of errors were noted. The smaller ones have been disregarded but the following are of such size that they should be eliminated if possible.

Township 17-21-4 - northeast quarter section 20. The information shown on plan, when combined with information from the subdivision survey produces and east and west closing error of 1.66 feet. The course shown as S.27°30' E - 1401.3' is plotted S21° 51' E - 1340'.

Township 16-21-4 - southeast quarter of section 17 - This quarter section shows a closing error of 1.16 feet north and south. Course S. 15°20' E - 1520' scales 1702'

The discrepancies in the plotting were pointed out in a memorandum to the Director of Forestry dated February 7th 1912. Possibly your records may contain information which can be used in making corrections.

Yours truly,

Chief Clerk.

MEMORANDUM:-

In further reference to your memorandum dated 26th November, File 372356, the plan of Lake McGregor Reservoir in townships 16, 17 and 18 ranges 21 and 22 and townships 17 and 18, ranges 22 west of Fourth Meridian has been referred to this office at your request by the Acting Director, Water Power and Reclamation Service, for the purpose of advising if it is approved.

This plan was originally submitted to this office in 1914 and upon examination a number of errors were found in it. The minor errors were eliminated and a few of the more serious ones were pointed out. These have not been received. In a memorandum dated February 7th 1917 the Director of Forestry was informed that the plan was sufficient for use in preparing descriptions by metes and bounds. However in view of the inaccuracies found in the plan and of the fact that the boundaries shown on it have not marked on the ground, it was not approved.

Upon further examination of the plan there appears to be no reason to alter the decision previously made. It has been our practice to confirm only monumented surveys, and to require in plans of such surveys submitted for approval a standard to which this one does not conform. As it is not considered desirable to create a precedent in this case the plan cannot be approved.
